

ALLIANCE / TYRES / PRODUCT SPECIFICATION

18-19.5 Alliance 224 160B 16 PR

Alliance 224 Construction Machinery tire is a wide base tire that is designed for cranes, dump trucks and excavators. It provides excellent traction in all working conditions as well as resistance to side slips. For best results in running wheels of vehicles engaged in on road applications, it is recommended to mount the tires in the opposite direction than usual.
