

## ALLIANCE / TYRES / PRODUCT SPECIFICATION

# 870/45-26.5 Alliance 344 FORESTAR 170A8 / 177A2 20 PR

344 Forestar is a steel-belted tyre that provides high puncture resistance. Special tread compound along with thick sidewalls with under tread provides additional strength to the tyre. The reinforced bead of the tyre provides exceptional performance with extra bead protection. Its tread design and lug angle provide excellent grip. Wide inter-lug space helps in self-cleaning. The close spacing of the lugs in the center of the tyre gives better stability & reduces rolling resistance

## Technical specification
