

ALLIANCE / TYRES / PRODUCT SPECIFICATION

1050/50R 32 Alliance 375 180A8

A new Alliance 375 Front Harvesters series is characterized by high tire volumes, high load capacities and low inflation pressure. An aggressive R1-W tread pattern, accomplished with sharp shoulders solution, enables excellent grip. High traction capabilities as well as, minimum possible slippage, promises constant travel speed necessary for proper harvesting operations. A special steel belts construction, as well as Stubble Guard tread rubber compound, promises a long and efficient lifetime. The main application of 375 series is on Vegetable harvesters (Potato and Sugar beet Combines), Grain Harvesters, Big spreaders and High load capacity driven equipment.

Technical specification

Brand	Alliance
Range	375
Size	1050/50R 32
Section width (mm)	1030
Overall diameter (mm)	1906
Loaded static radius (mm)	871
Rolling circumference (mm)	5807
Listed rims	36VA
Load index	180
Speed rating	A8
Service description	180A8
