

ALLIANCE / TYRES / PRODUCT SPECIFICATION

620/75R34 Alliance 375 170A8 / 170B

A new Alliance 375 Front Harvesters series is characterized by high tire volumes, high load capacities and low inflation pressure. An aggressive R1-W tread pattern, accomplished with sharp shoulders solution, enables excellent grip. High traction capabilities as well as, minimum possible slippage, promises constant travel speed necessary for proper harvesting operations. A special steel belts construction, as well as Stubble Guard tread rubber compound, promises a long and efficient lifetime. The main application of 375 series is on Vegetable harvesters (Potato and Sugar beet Combines), Grain Harvesters, Big spreaders and High load capacity driven equipment.

Technical specification

Brand	Alliance
Range	375
Size	620/75R34
Overall diameter (mm)	1820
Loaded static radius (mm)	822
Rolling circumference (mm)	5412
Listed rims	DW20A
Rating	170A8 170B
Load index	170
Speed rating	A8 / B
Service description	170A8 / 170B

Specification notes

Multiple service descriptions are listed for this size. Tell us your application, load and speed so the required specification can be confirmed.

Please ask Nordic to confirm the remaining dimensions and wheel requirements for your application.
