

ALLIANCE / TYRES / PRODUCT SPECIFICATION

650/75R32 Alliance 375 172A8 / 172B

A new Alliance 375 Front Harvesters series is characterized by high tire volumes, high load capacities and low inflation pressure. An aggressive R1-W tread pattern, accomplished with sharp shoulders solution, enables excellent grip. High traction capabilities as well as, minimum possible slippage, promises constant travel speed necessary for proper harvesting operations. A special steel belts construction, as well as Stubble Guard tread rubber compound, promises a long and efficient lifetime. The main application of 375 series is on Vegetable harvesters (Potato and Sugar beet Combines), Grain Harvesters, Big spreaders and High load capacity driven equipment.

Technical specification

Brand	Alliance
Range	375
Size	650/75R32
Section width (mm)	650
Overall diameter (mm)	1830
Loaded static radius (mm)	839
Rolling circumference (mm)	5450
Listed rims	DW21B DW20B DW23B
Rating	172A8 172B
Load index	172
Speed rating	A8 / B
Service description	172A8 / 172B

Specification notes

Multiple service descriptions are listed for this size. Tell us your application, load and speed so the required specification can be confirmed.
