

ALLIANCE / TYRES / PRODUCT SPECIFICATION

800/70R32 Alliance 375 175A8 / 175B

A new Alliance 375 Front Harvesters series is characterized by high tire volumes, high load capacities and low inflation pressure. An aggressive R1-W tread pattern, accomplished with sharp shoulders solution, enables excellent grip. High traction capabilities as well as, minimum possible slippage, promises constant travel speed necessary for proper harvesting operations. A special steel belts construction, as well as Stubble Guard tread rubber compound, promises a long and efficient lifetime. The main application of 375 series is on Vegetable harvesters (Potato and Sugar beet Combines), Grain Harvesters, Big spreaders and High load capacity driven equipment.

Technical specification

Brand	Alliance
Range	375
Size	800/70R32
Section width (mm)	770
Overall diameter (mm)	1936
Loaded static radius (mm)	877
Rolling circumference (mm)	5706
Listed rims	DW27B
Rating	175A8 175B
Load index	175
Speed rating	A8 / B
Service description	175A8 / 175B

Specification notes

Multiple service descriptions are listed for this size. Tell us your application, load and speed so the required specification can be confirmed.
