

ALLIANCE / TYRES / PRODUCT SPECIFICATION

900/60R32 Alliance 375 182D / 185A8

A new Alliance 375 Front Harvesters series is characterized by high tire volumes, high load capacities and low inflation pressure. An aggressive R1-W tread pattern, accomplished with sharp shoulders solution, enables excellent grip. High traction capabilities as well as, minimum possible slippage, promises constant travel speed necessary for proper harvesting operations. A special steel belts construction, as well as Stubble Guard tread rubber compound, promises a long and efficient lifetime. The main application of 375 series is on Vegetable harvesters (Potato and Sugar beet Combines), Grain Harvesters, Big spreaders and High load capacity driven equipment.

Technical specification

Brand	Alliance
Range	375
Size	900/60R32
Section width (mm)	910
Overall diameter (mm)	1905
Loaded static radius (mm)	857
Rolling circumference (mm)	5796
Listed rims	DW27
Rating	182D 185A8
Load index	182 / 185
Speed rating	D / A8
Service description	182D / 185A8

Specification notes

Multiple service descriptions are listed for this size. Tell us your application, load and speed so the required specification can be confirmed.
