

ALLIANCE / TYRES / PRODUCT SPECIFICATION

14.9LR20 (375/75R20) Alliance 387 119A8 / 116B

The Alliance 387 Farm Radial is a tire specially developed so as to not damage soil, grass and plants during operation. This Pattern is suitable for grassland and other sensitive terrain application on utility tractors and small implements used in golf courses, parks and vineyards. The higher void to rubber ratio provides larger effective footprint area and lower soil/grass compaction. The design has better lug continuity, which enables higher comfort on grass surfaces and transport applications. The good overlap of lugs at center increases the effective footprint area and thus decreases ground pressure.

Technical specification

Brand	Alliance
Range	387
Size	14.9LR20 (375/75R20)
Section width (mm)	378
Overall diameter (mm)	1073
Loaded static radius (mm)	484
Rolling circumference (mm)	3144
Listed rims	W13
Rating	119A8 116B
Load index	119 / 116
Speed rating	A8 / B
Service description	119A8 / 116B

Specification notes

Multiple service descriptions are listed for this size. Tell us your application, load and speed so the required specification can be confirmed.
