

ALLIANCE / TYRES / PRODUCT SPECIFICATION

600/50R22.5 Alliance 388 156D

Alliance 388 is designed to meet the requirement of severe agricultural applications ranging from spreaders to special trailers (eg. for sugar cane production and implements). The directional tread pattern provides moderate traction as well as efficient self-cleaning. The tire's large soil contact area, strong rounded lugs and low inflation pressure promises low ground pressure thus minimizing soil compaction and damage. Dense lug distribution around the tire enables smooth and efficient movement on roads.

Technical specification

Brand	Alliance
Range	388
Size	600/50R22.5
Section width (mm)	580
Overall diameter (mm)	1168
Loaded static radius (mm)	518
Rolling circumference (mm)	3540
Listed rims	AG20.00
Load index	156
Speed rating	D
Service description	156D
