

## ALLIANCE / TYRES / PRODUCT SPECIFICATION

# 425/55R17 Alliance 570 140A8 / 140B

Alliance 570 is an ideal radial tire for industrial and construction services. The tread pattern enables strong grip and high traction performances on soft surfaces, as well as comfortable work on hard surfaces and stable running on the roads. The strong polyester construction enables higher vehicle speed as well as increased puncture protection. Flatter tread because of radial tire construction provides even pressure distribution, high productivity and optimal fuel consumption.

## Technical specification

|                            |              |
|----------------------------|--------------|
| Brand                      | Alliance     |
| Range                      | 570          |
| Size                       | 425/55R17    |
| Construction marking       | Steel Belted |
| Section width (mm)         | 425          |
| Overall diameter (mm)      | 890          |
| Loaded static radius (mm)  | 395          |
| Rolling circumference (mm) | 2663         |
| Listed rims                | 13           |
| Rating                     | 140A8 140B   |
| Load index                 | 140          |
| Speed rating               | A8 / B       |
| Service description        | 140A8 / 140B |

## Specification notes

Multiple service descriptions are listed for this size. Tell us your application, load and speed so the required specification can be confirmed.
