

ALLIANCE / TYRES / PRODUCT SPECIFICATION

280/80R20IND (10.5R20 IND) Alliance 580 133A8 / 133B

Alliance 580's unique tread pattern enables strong grip and high traction performance on soft surfaces, as well as comfortable work on hard surfaces. Its carcass construction contributes to high stability of the machine, especially when working on sloppy terrains, and complete puncture protection. This tire, because of its central lug design, is well suited for both on and off road making it a good tire for multi-purpose transportation. The tires' long tread life and low tread wear are based on its specific tread design and durable tread rubber compound.

Technical specification

Brand	Alliance
Range	580
Size	280/80R20IND (10.5R20 IND)
Section width (mm)	282
Overall diameter (mm)	956
Loaded static radius (mm)	437
Rolling circumference (mm)	2846
Listed rims	W9 W8 W10
Rating	133A8 133B
Load index	133
Speed rating	A8 / B
Service description	133A8 / 133B

Specification notes

Multiple service descriptions are listed for this size. Tell us your application, load and speed so the required specification can be confirmed.
