

ALLIANCE / TYRES / PRODUCT SPECIFICATION

380/75R20IND (14.5/75R20IND) Alliance 580 148A8 / 148B

Alliance 580's unique tread pattern enables strong grip and high traction performance on soft surfaces, as well as comfortable work on hard surfaces. Its carcass construction contributes to high stability of the machine, especially when working on sloppy terrains, and complete puncture protection. This tire, because of its central lug design, is well suited for both on and off road making it a good tire for multi-purpose transportation. The tires' long tread life and low tread wear are based on its specific tread design and durable tread rubber compound.

Technical specification

Brand	Alliance
Range	580
Size	380/75R20IND (14.5/75R20IND)
Section width (mm)	380
Overall diameter (mm)	1078
Rolling circumference (mm)	3121
Rating	148A8 148B
Load index	148
Speed rating	A8 / B
Service description	148A8 / 148B

Specification notes

Multiple service descriptions are listed for this size. Tell us your application, load and speed so the required specification can be confirmed.
Please ask Nordic to confirm the remaining dimensions and wheel requirements for your application.
