

ALLIANCE / TYRES / PRODUCT SPECIFICATION

500/70R28 Alliance 580 164A8 / 164B

Alliance 580's unique tread pattern enables strong grip and high traction performance on soft surfaces, as well as comfortable work on hard surfaces. Its carcass construction contributes to high stability of the machine, especially when working on sloppy terrains, and complete puncture protection. This tire, because of its central lug design, is well suited for both on and off road making it a good tire for multi-purpose transportation. The tires' long tread life and low tread wear are based on its specific tread design and durable tread rubber compound.

Technical specification

Brand	Alliance
Range	580
Size	500/70R28
Section width (mm)	503
Overall diameter (mm)	1411
Loaded static radius (mm)	643
Rolling circumference (mm)	4187
Listed rims	DW16L DW15L DW18L
Rating	164A8 164B
Load index	164
Speed rating	A8 / B
Service description	164A8 / 164B

Specification notes
