

ALLIANCE / TYRES / PRODUCT SPECIFICATION

405/70R20EM (16/70R20) Alliance 608 155A2 / 143B

Alliance 608 is an innovative approach to compact machinery tire design. It provides low motion resistance which contributes to lower fuel consumption of compact machines. The tire's tread pattern is an optimized on/off road pattern with shoulder lugs for traction in the fields, as well as long tread life because of massive central blocks when the machine works on harder surfaces. The tire construction includes both, all fabric and steel belted variants.
