

ALLIANCE / TYRES / PRODUCT SPECIFICATION

11.2-24 Alliance 768 110A6 6 PR

768 Irrigation has ideally spaced 23 degree lugs for superior traction in irrigation use. Strong and wide lugs provide high traction due to larger ground contact. Strong sidewall construction and high nylon carcass minimizes mechanical failure and moisture deterioration.

Technical specification

Brand	Alliance
Range	768
Size	11.2-24
Section width (mm)	284
Overall diameter (mm)	1105
Loaded static radius (mm)	503
Rolling circumference (mm)	3303
Listed rims	W10 W9
Rating	6 110A6
Ply rating	6
Load index	110
Speed rating	A6
Service description	110A6
