

ALLIANCE / TYRES / PRODUCT SPECIFICATION

12.4-24 Alliance 768 106A8 4 PR

768 Irrigation has ideally spaced 23 degree lugs for superior traction in irrigation use. Strong and wide lugs provide high traction due to larger ground contact. Strong sidewall construction and high nylon carcass minimizes mechanical failure and moisture deterioration.

Technical specification

Brand	Alliance
Range	768
Size	12.4-24
Section width (mm)	315
Overall diameter (mm)	1160
Loaded static radius (mm)	532
Rolling circumference (mm)	3461
Listed rims	W11
Rating	4 106A8
Ply rating	4
Load index	106
Speed rating	A8
Service description	106A8
