

ALLIANCE / TYRES / PRODUCT SPECIFICATION

14.9-24 Alliance 768 119A8 6 PR

768 Irrigation has ideally spaced 23 degree lugs for superior traction in irrigation use. Strong and wide lugs provide high traction due to larger ground contact. Strong sidewall construction and high nylon carcass minimizes mechanical failure and moisture deterioration.

Technical specification

Brand	Alliance
Range	768
Size	14.9-24
Section width (mm)	378
Overall diameter (mm)	1250
Loaded static radius (mm)	568
Rolling circumference (mm)	3760
Listed rims	W13 W12
Rating	6 119A8
Ply rating	6
Load index	119
Speed rating	A8
Service description	119A8
