

ALLIANCE / TYRES / PRODUCT SPECIFICATION

580/65R22.5 Alliance 882 166D

Alliance 882 Implement tire combines the best characteristics of flotation tires and radial construction to provide superior performances on road and in field applications. One of its salient features is a strong fabric carcass reinforced by rigid steel belts. Its directional block configuration ensures best possible self cleaning ability and assists in keeping on/ off the road travel direction. Due to its huge internal volume the tire is characterized by low inflation pressure that promises low soil compaction for very high load capacity. This tire's stiffness is increased in both radial and lateral directions by additional ply added to the basic carcass.

Technical specification

Brand	Alliance
Range	882
Size	580/65R22.5
Section width (mm)	557
Overall diameter (mm)	1326
Loaded static radius (mm)	588
Rolling circumference (mm)	4032
Listed rims	AG16.00
Load index	166
Speed rating	D
Service description	166D
