

ALLIANCE / TYRES / PRODUCT SPECIFICATION

280/70R16 Alliance AGRI STAR II 112D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	280/70R16
Section width (mm)	285
Overall diameter (mm)	804
Loaded static radius (mm)	371
Rolling circumference (mm)	2399
Listed rims	W8L W9 W8 W10
Load index	112
Speed rating	D
Service description	112D
