

ALLIANCE / TYRES / PRODUCT SPECIFICATION

280/70R18 Alliance AGRI STAR II 114D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	280/70R18
Section width (mm)	285
Overall diameter (mm)	855
Loaded static radius (mm)	393
Rolling circumference (mm)	2581
Listed rims	W9 W8 W10
Load index	114
Speed rating	D
Service description	114D
