

ALLIANCE / TYRES / PRODUCT SPECIFICATION

320/85R20 (12.4R20) Alliance AGRI STAR II 119D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	320/85R20 (12.4R20)
Section width (mm)	333
Overall diameter (mm)	1055
Loaded static radius (mm)	480
Rolling circumference (mm)	3108
Listed rims	W11 DW10
Load index	119
Speed rating	D
Service description	119D
