

ALLIANCE / TYRES / PRODUCT SPECIFICATION

320/90R42 Alliance AGRI STAR II 147D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	320/90R42
Section width (mm)	319
Overall diameter (mm)	1643
Loaded static radius (mm)	772
Rolling circumference (mm)	4989
Listed rims	W10 W9 W11
Load index	147
Speed rating	D
Service description	147D
