

ALLIANCE / TYRES / PRODUCT SPECIFICATION

340/85R28 (13.6R28) Alliance AGRI STAR II 127D / 132A6

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	340/85R28 (13.6R28)
Section width (mm)	358
Overall diameter (mm)	1300
Loaded static radius (mm)	589
Rolling circumference (mm)	3828
Listed rims	W12 W11
Rating	127D 132A6
Load index	127 / 132
Speed rating	D / A6
Service description	127D / 132A6

Specification notes

Multiple service descriptions are listed for this size. Tell us your application, load and speed so the required specification can be confirmed.
