

ALLIANCE / TYRES / PRODUCT SPECIFICATION

340/85R38 Alliance AGRI STAR II 133D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	340/85R38
Section width (mm)	355
Overall diameter (mm)	1546
Loaded static radius (mm)	727
Rolling circumference (mm)	4703
Listed rims	W12
Load index	133
Speed rating	D
Service description	133D
