

ALLIANCE / TYRES / PRODUCT SPECIFICATION

380/70R20 Alliance AGRI STAR II 122D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	380/70R20
Section width (mm)	382
Overall diameter (mm)	1086
Loaded static radius (mm)	493
Rolling circumference (mm)	3169
Listed rims	W12 W11 W13
Load index	122
Speed rating	D
Service description	122D
