

ALLIANCE / TYRES / PRODUCT SPECIFICATION

380/80R38 Alliance AGRI STAR II 142D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	380/80R38
Section width (mm)	385
Overall diameter (mm)	1575
Loaded static radius (mm)	738
Rolling circumference (mm)	4821
Listed rims	W12 W11 W13
Load index	142
Speed rating	D
Service description	142D
