

ALLIANCE / TYRES / PRODUCT SPECIFICATION

420/70R24 Alliance AGRI STAR II 130D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	420/70R24
Section width (mm)	425
Overall diameter (mm)	1250
Loaded static radius (mm)	560
Rolling circumference (mm)	3690
Listed rims	W13
Load index	130
Speed rating	D
Service description	130D
