

ALLIANCE / TYRES / PRODUCT SPECIFICATION

520/85R38 Alliance AGRI STAR II 169D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	520/85R38
Section width (mm)	520
Overall diameter (mm)	1850
Loaded static radius (mm)	853
Rolling circumference (mm)	5640
Listed rims	DW16L W15L
Load index	169
Speed rating	D
Service description	169D
