

ALLIANCE / TYRES / PRODUCT SPECIFICATION

580/70R38 Alliance AGRI STAR II 170D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	580/70R38
Section width (mm)	587
Overall diameter (mm)	1842
Loaded static radius (mm)	845
Rolling circumference (mm)	5694
Listed rims	DW18L
Load index	170
Speed rating	D
Service description	170D
