

ALLIANCE / TYRES / PRODUCT SPECIFICATION

600/65R28 Alliance AGRI STAR II 154D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	600/65R28
Section width (mm)	611
Overall diameter (mm)	1491
Loaded static radius (mm)	676
Rolling circumference (mm)	4448
Listed rims	DW20B W18L
Load index	154
Speed rating	D
Service description	154D
