

ALLIANCE / TYRES / PRODUCT SPECIFICATION

650/65R42 Alliance AGRI STAR II 170D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	650/65R42
Section width (mm)	645
Overall diameter (mm)	1925
Loaded static radius (mm)	883
Rolling circumference (mm)	5837
Listed rims	DW20B DW21B DW23B
Load index	170
Speed rating	D
Service description	170D
