

ALLIANCE / TYRES / PRODUCT SPECIFICATION

650/85R38 Alliance AGRI STAR II 173D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	650/85R38
Section width (mm)	680
Overall diameter (mm)	2072
Loaded static radius (mm)	942
Rolling circumference (mm)	6201
Listed rims	DW23B DW21B DW20B
Load index	173
Speed rating	D
Service description	173D
