

ALLIANCE / TYRES / PRODUCT SPECIFICATION

710/70R42 Alliance AGRI STAR II 173D

The high speed rated AGRI STAR II comes with a Stratified Layer technology (SLT) - a unique combination of two layers: The top layer with a single angle profile and bottom layer with a multi-angle profile. After 40% wear of the tire, bottom layer of the lug comes in contact with the ground which leads to increased contact area at the central portion. This leads to better roadability and performance of the tire. The increased amount of rubber volume in AGRI STAR II enhances its stiffness that results in better wear resistance.

Technical specification

Brand	Alliance
Range	AGRI STAR II
Size	710/70R42
Section width (mm)	720
Overall diameter (mm)	2061
Loaded static radius (mm)	951
Rolling circumference (mm)	6202
Listed rims	DW23B DW25B
Load index	173
Speed rating	D
Service description	173D
