

ALLIANCE / TYRES / PRODUCT SPECIFICATION

VF650/65R42 Alliance AGRIFLEX+ 373 180D

Agriflex+ 373 is a versatile R-1W agricultural pattern with a uniquely designed tread design. Sinusoidal center rib enables high performance due to minimized rutting and multi-angular sidewalls provide good traction on soft surfaces. The AGRIFLEX+ Very Improved Flexion (VF) technology provides increased sidewall flexibility enabling the tire to carry (up to 40%) more load at the same pressure as compared to a standard tractor radial. More number of blocks and a high rubber-to-void tread ratio enables low rolling resistance during transport operations on hard surfaces ultimately increasing the tread life. Agriflex+ 373 has steel belted construction offering a flatter footprint and puncture protection as well. The specially designed tread pattern offers tractive tendency up to 80% of tread wear.

Technical specification

Brand	Alliance
Range	AGRIFLEX+ 373
Size	VF650/65R42
Section width (mm)	650
Overall diameter (mm)	1913
Loaded static radius (mm)	866
Rolling circumference (mm)	5641
Listed rims	DW23B DW20B NRO DW21B TW20B NRO
Load index	180
Speed rating	D
Service description	180D
