

ALLIANCE / TYRES / PRODUCT SPECIFICATION

VF280/70R15 IMP Alliance AGRIFLEX+ 381 136D

The Agriflex+ 381 is a tire with a flat tread profile and large footprint. It puts more rubber on the ground. This unique rib-type pattern leads to effective steering and improved lateral traction, thereby reducing soil compaction and prolonging tire life. Moreover, the shoulder lugs prevent any excessive tire slips and consequently save the tire surface from further damage.

Technical specification

Brand	Alliance
Range	AGRIFLEX+ 381
Size	VF280/70R15 IMP
Section width (mm)	280
Overall diameter (mm)	775
Loaded static radius (mm)	350
Rolling circumference (mm)	2307
Listed rims	W8
Load index	136
Speed rating	D
Service description	136D
Rating	136D 136D

Specification notes

Multiple service descriptions are listed for this size. Tell us your application, load and speed so the required specification can be confirmed.
