

## ALLIANCE / TYRES / PRODUCT SPECIFICATION

## VF340/65R18 Alliance AGRIFLEX+ 381 145D

The Agriflex+ 381 is a tire with a flat tread profile and large footprint. It puts more rubber on the ground. This unique rib-type pattern leads to effective steering and improved lateral traction, thereby reducing soil compaction and prolonging tire life. Moreover, the shoulder lugs prevent any excessive tire slips and consequently save the tire surface from further damage.
