

ALLIANCE / TYRES / PRODUCT SPECIFICATION

VF380/55R16 Alliance AGRIFLEX+ 381 148D

The Agriflex+ 381 is a tire with a flat tread profile and large footprint. It puts more rubber on the ground. This unique rib-type pattern leads to effective steering and improved lateral traction, thereby reducing soil compaction and prolonging tire life. Moreover, the shoulder lugs prevent any excessive tire slips and consequently save the tire surface from further damage.

Technical specification

Brand	Alliance
Range	AGRIFLEX+ 381
Size	VF380/55R16
Section width (mm)	380
Overall diameter (mm)	834
Loaded static radius (mm)	371.7
Rolling circumference (mm)	2527
Listed rims	12
Load index	148
Speed rating	D
Service description	148D
