VF 750/45R26.5 IMP Alliance AGRIFLEX+ 389 (IMP) 172D

Alliance Agriflex+ 389 VF introduces the next level of innovation: the world's first VF flotation tire offers the possibility to be operated at 30% lower inflation pressure as a conventional flotation tire. Our goal at Alliance is to develop tires that solve real problems in the field. With Agriflex+ 389 we have trailer tires which allow to mirror the pressure of VF tires on today's high horsepower tractors. This significantly reduces the footprint pressure and thus results in low soil compaction.
