

ALLIANCE / TYRES / PRODUCT SPECIFICATION

560/45R22.5 Alliance FLOTMASTER 381 146D

Alliance Flotmaster 381 is a steel belted radial flotation tire that has been developed to serve the needs of specific niche applications on sensitive surfaces like grasslands, which require optimized soil and plant protection. The unique rib type pattern, together with rounded shoulders and more aggressive lugs, enables maximum possible tires footprint and lowest possible ground pressure. The shoulder lugs, with excellent self cleaning capabilities, enable strong grip, thus preventing any excessive tire slippage and any consequent damage to the surface.

Technical specification

Brand	Alliance
Range	FLOTMASTER 381
Size	560/45R22.5
Section width (mm)	540
Overall diameter (mm)	1080
Loaded static radius (mm)	480
Rolling circumference (mm)	3205
Listed rims	16
Load index	146
Speed rating	D
Service description	146D
