

ALLIANCE / TYRES / PRODUCT SPECIFICATION

620/55R26.5 Alliance FLOTMASTER 381 166D

Alliance Flotmaster 381 is a steel belted radial flotation tire that has been developed to serve the needs of specific niche applications on sensitive surfaces like grasslands, which require optimized soil and plant protection. The unique rib type pattern, together with rounded shoulders and more aggressive lugs, enables maximum possible tires footprint and lowest possible ground pressure. The shoulder lugs, with excellent self cleaning capabilities, enable strong grip, thus preventing any excessive tire slippage and any consequent damage to the surface.

Technical specification

Brand	Alliance
Range	FLOTMASTER 381
Size	620/55R26.5
Section width (mm)	612
Overall diameter (mm)	1356
Loaded static radius (mm)	606
Rolling circumference (mm)	4059
Listed rims	AG20.00
Load index	166
Speed rating	D
Service description	166D
