

ALLIANCE / TYRES / PRODUCT SPECIFICATION

11L-15FI Alliance HIGH SPEED RIB 120J

Alliance High-Speed tire is ribbed to provide excellent performance for free rolling wheels for use on harvesting machines, hay balers, bale racks, seeders, windrows, and fertilizer manure spreaders. It provides easy steering of machinery/equipment due to its heavily grooved ribs. The tire provides adequate flotation for machinery and has high-density rubber compounding on its tread. This tire is DOT certified for intermittent highway use.

Technical specification

Brand	Alliance
Range	HIGH SPEED RIB
Size	11L-15FI
Section width (mm)	283
Overall diameter (mm)	788
Rolling circumference (mm)	2294
Load index	120
Speed rating	J
Service description	120J

Specification notes

Please ask Nordic to confirm the remaining dimensions and wheel requirements for your application.
