

ALLIANCE / TYRES / PRODUCT SPECIFICATION

11L-15SL (E) Alliance I-1 RIB IMPLEMENT E 113B 8 PR

Alliance Rib Implement (E) is a low-weight tire that is designed to deliver excellent performance for free-rolling wheels on wagons, hay balers, bale racks, seeders, windrowers, and fertilizer spreaders. Its heavily grooved ribs enhance flotation properties, leading to easy steering while increasing the overall stability of the equipment. Its high rubber volume results in less wear and a longer tire life. The rounded shoulders are ideally suited for seeders and implements. Its low rolling resistance leads to better fuel economy.
