

ALLIANCE / TYRES / PRODUCT SPECIFICATION

360/80R24 (13.6R24) IND Alliance MULTIUSE 550 143A8 / 138D

550 MULTIUSE pattern is used in agricultural applications because of its versatile tread design. Specific block tread design enables high performances on snow-covered terrains, as well as on sandy terrains. Basic directional lug design, divided by separated blocks, provides a good grip on soft surfaces. In addition, high number of blocks and rubber to void tread ratio, enables long tread wear life and low rolling resistances during transport operation on hard surfaces. Uniform ground pressure distribution and tread wear are provided by steel belted carcass structure. In addition, steel belts provide the most efficient puncture protection.

Technical specification

Brand	Alliance
Range	MULTIUSE 550
Size	360/80R24 (13.6R24) IND
Section width (mm)	357
Overall diameter (mm)	1184
Loaded static radius (mm)	540
Rolling circumference (mm)	3545
Listed rims	DW11
Rating	143A8 138D
Load index	143 / 138
Speed rating	A8 / D
Service description	143A8 / 138D

Specification notes

Multiple service descriptions are listed for this size. Tell us your application, load and speed so the required specification can be confirmed.
