

ALLIANCE / TYRES / PRODUCT SPECIFICATION

460/70R24 (17.5LR24) Alliance MULTIUSE 550 159A8

550 MULTIUSE pattern is used in agricultural applications because of its versatile tread design. Specific block tread design enables high performances on snow-covered terrains, as well as on sandy terrains. Basic directional lug design, divided by separated blocks, provides a good grip on soft surfaces. In addition, high number of blocks and rubber to void tread ratio, enables long tread wear life and low rolling resistances during transport operation on hard surfaces. Uniform ground pressure distribution and tread wear are provided by steel belted carcass structure. In addition, steel belts provide the most efficient puncture protection.

Technical specification

Brand	Alliance
Range	MULTIUSE 550
Size	460/70R24 (17.5LR24)
Section width (mm)	460
Overall diameter (mm)	1250
Loaded static radius (mm)	570
Rolling circumference (mm)	3772
Load index	159
Speed rating	A8
Service description	159A8

Specification notes

Please ask Nordic to confirm the remaining dimensions and wheel requirements for your application.
