

ALLIANCE / TYRES / PRODUCT SPECIFICATION

650/65R38 Alliance MULTIUSE 550 180F

550 MULTIUSE pattern is used in agricultural applications because of its versatile tread design. Specific block tread design enables high performances on snow-covered terrains, as well as on sandy terrains. Basic directional lug design, divided by separated blocks, provides a good grip on soft surfaces. In addition, high number of blocks and rubber to void tread ratio, enables long tread wear life and low rolling resistances during transport operation on hard surfaces. Uniform ground pressure distribution and tread wear are provided by steel belted carcass structure. In addition, steel belts provide the most efficient puncture protection.

Technical specification

Brand	Alliance
Range	MULTIUSE 550
Size	650/65R38
Section width (mm)	645
Overall diameter (mm)	1814
Rolling circumference (mm)	4968
Listed rims	DW20B
Load index	180
Speed rating	F
Service description	180F
