

## ALLIANCE / TYRES / PRODUCT SPECIFICATION

# 14.00-24 Alliance SUPER TRAC 311 28 PR

Alliance Super Trac 311 is versatile premium design for all-purpose Industrial & Port applications. Tread design provides High ground contact for good traction on paved surfaces and mitigate the chances of lug chunking and tire damage. Robust nylon casing & reinforced high strength bead provides excellent stability. It has a special tread compound for extra long life even on abrasive surfaces. Its extra thick side wall limits flexing during operation, thus lesser heat is generation. This reduces the probability of sidewall damage and results in longer service life.

## Technical specification

|                            |                |
|----------------------------|----------------|
| Brand                      | Alliance       |
| Range                      | SUPER TRAC 311 |
| Size                       | 14.00-24       |
| Section width (mm)         | 375            |
| Overall diameter (mm)      | 1368           |
| Loaded static radius (mm)  | 605            |
| Rolling circumference (mm) | 4089           |
| Listed rims                | 10             |
| Ply rating                 | 28             |
