

## PRONAR / WHEELS / PRODUCT SPECIFICATION

## W10x20 Pronar Adjustable lug wheels

Adjustable wheels with C, Z and omega lug constructions for changing tractor track widths. Disc, offset and lug options depend on the selected wheel size and construction.

### Technical specification

|                            |                                          |
|----------------------------|------------------------------------------|
| Brand                      | Pronar                                   |
| Range                      | Adjustable lug wheels                    |
| Size                       | W10x20                                   |
| Wheel diameter (inches)    | 20"                                      |
| Rim profile                | W10                                      |
| Tyre sizes                 | 12.5R20; 320/70R20; 340/80R20; 420/65R20 |
| Type of lug                | Z                                        |
| Maximum offset of lug (mm) | +79/-79                                  |
| Disc profile               | SF; HF; RF                               |
| Disc offset (mm)           | 50                                       |
| Disc thickness (mm)        | 8; 10                                    |

### Specification notes

Not every disc is available for all of the construction solution.

Offset available in the event of assembling the wheel with valve guard on the machine's side.

The width of omega lugs is given in millimeters.
