

## PRONAR / WHEELS / PRODUCT SPECIFICATION

# DW20Bx38 Pronar Wheels for combine harvesters

Wheels for combine harvesters, with reinforced rim and disc options. Catalogue load ratings depend on the specified construction and offset; the DW36B x 32 rating is stated at 25 km/h.

## Technical specification

|                                       |                                                    |
|---------------------------------------|----------------------------------------------------|
| Brand                                 | Pronar                                             |
| Range                                 | Wheels for combine harvesters                      |
| Size                                  | DW20Bx38                                           |
| Wheel diameter (inches)               | 38"                                                |
| Rim profile                           | DW20B                                              |
| Tyre sizes                            | 620/70R38                                          |
| Maximum load capacity (kg) at 40 km/h | 9000                                               |
| Maximum offset ranges (mm)            | +186/-200 (with valve guard on the machine's side) |
| Disc profiles                         | DFRC                                               |

## Specification notes

The given load capacities refer to the optimal strength combinations and are not available for all connections and offsets.
